## Specifications

- Approx. 3000 mm long X 2000 mm wide X 880 mm tall
- Sprung manual or automatic tilt mechanism from flat to near vertical
- Fire-retardant felt cutting surface
- Hardwood breakout edge for scribed glass
- 4 X swivel castors rated approximately 460 kg each
- Lockdown feet for secure operation
- Fully welded construction
- Painted finish for longevity

## Options

- Custom sizes available for specific factory layouts
- Branding and colour options
- Integration into a workflow with fixed cutting tables
- Automatic Tilt capability

## Key Features

### Sprung Manual Tilt Assist

Tilts from horizontal to near-vertical for more effortless loading and unloading of large sheets Automatic or manual.

### Freefall-Capable Construction

Engineered to withstand free-fall loading during cutting operations.

### Felt Surface for Clean Scoring

Fire-retardant felt top keeps glass stable and reduces handling abrasion.

### Mobile and Secure

Castors allow repositioning, and lockdown feet secure the table during cutting.
