

# Product Specifications

## Tooth / Sash Trolleys

## Product Summary

Tooth-style factory and site trolleys for fast access to individual sashes, DGUs and doors, with secure non-marking retention and compact, efficient storage footprints.

## Specifications

- 20-Slot Sash Tooth Trolley (Factory)
- Approx. 1250 mm wide X 700 mm deep X 1200 mm tall
- 20 slots at approx. 35-58 mm for 45 mm sashes and door extrusions
- 2 X braked swivel castors rated approx. 460 kg each
- 2 X fixed castors rated approx. 460 kg each
- Fully welded construction
- Plastic-rubber compound teeth for secure load support
- Polymer leading edge for easier loading/unloading
- Hot-dip galvanised finish for longevity
- Optimised for sash and joinery production lines
- 14-Slot Collapsible Tooth Site Trolley (Onsite)
- Approx. 680 mm wide X 720 mm deep X 1320 mm tall in use
- Approx. 680 mm wide X 1010 mm deep X 480 mm tall collapsed
- Approx. 23 kg total weight for easy handling
- Handles 14 DGUs (19-35 mm), or custom widths available
- Front swivel wheels for controlled steering
- Polymer bearers with protective leading edge
- Back folds for right-angle configuration
- Monobolt/bolted construction with aluminium + galvanised finish
- Ideal for transporting products from the vehicle to the installation point

## Options

- Custom tooth width for specific sash or glazing products
- Branding and colour coding for workflow organisation
- Enhanced castor and wheel options to match the load environment
- Pneumatic wheels (approx. 200 mm  $\tilde{\sim}$ ) for rough surfaces

## Key Features

### Fast Individual Access

Tooth-style separation keeps items organised and easy to select without reshuffling or damage.

### Non-Marking Protection

Polymer contact surfaces and tooth profiles protect paint, powder-coat and edges.

### Safe, Ergonomic Handling

Designed to reduce lifting effort and minimise operator fatigue and injury.

### Compact Space Optimisation

High slot capacity within a small footprint, efficient in factory and onsite environments.
