▲ Load and assembly crane with electric drive and electric double telescope\*

## Outdoor Mini crane in a class of its own: KS Crane 600 Offroad

- Mobile and flexible load and assembly crane for outdoor use
- Safe and effortless handling of loads of up to 600 kg
- High mounting comfort: electric drive, electric telescoping and lifting and lowering of the load at the touch of a button
- Large lifting heights and reach through double telescope (either manual or electric)
- Lateral offset of up to 100 mm for exact positioning of the element during assembly
- Masters rough terrain by front-wheel drive and coarse-grained tires
- High-quality equipment: powerful lifting cylinders incl. two gas dampers
- Intelligent travel drive for smooth starting, two speed settings possible
- PU front tire for high stability
- Equipment with the most modern control technology
- High ease of use thanks to a multifunction steering wheel and servo remote control
- 24 V socket integrated on the device for charging assembly tools, such as cordless screwdriver, LED spotlight

Multifunction steering wheel and wired remote control

Optionally with electric\* or manual double telescope

Lateral offset, front tires with PU filling

Variable hook assembly for setting the optimum position

### Technical Data KS Crane 600 Offroad\*

Load capacity	max. 600 kg
Outreach in front of the wheels	approx. 2.600 mm
Outreach highest point	approx. 4.100 mm
Device width	approx. 970 mm
Total weight	approx. 815 kg
Removable counterweights	12 x 23 kg
High performance battery	2 x 12 V = 24 Volt
Charging current	230 V, 50 Hz (110 V / 60 Hz optional)
